CONTRACTING POLICY MEMO 99-C-06

MEMORANDUM FOR HQ AFMC/PK

FROM: SAF/AQC
1060 Air Force Pentagon
Washington DC 20330-1060

SUBJECT: Class Deviation to AFFARS 5301.603-2-90

Reference: (a) Contracting Policy Memo 98-C-19, dated 24 Nov 98
(b) WR-ALC /PK memo, dated 2 Nov 99, same subject
(c) HQ AFMC/PK memo, dated 11 Nov 99, same subject

This memo supercedes reference (a) Contracting Policy Memo (CPM) and approves a new class deviation to AFFARS 5301.603-2-90 to permit WR-ALC to test the concept proposed in reference (b) memo. Additionally, this class deviation allows their Item Managers to continue to have the authority provided by the superceded CPM. This new class deviation allows the ordering of contract repairs and spares by specially trained and warranted Production Management Specialists (PMS) and Item Managers using pre-priced orders under FAR Subpart 16.5 indefinite delivery contracts.

This class deviation is effective for two years. SAF/AQC inputs provided with the original class deviation are still applicable and should be considered in this extension. Lt Col Greg Waeber, SAF/AQCP, is the Pentagon POC and can be reached at DSN 425-7058, e-mail: gregory.waeber@pentagon.af.mil.

A handwritten signature in black ink, reading "Jeffrey P. Parsons", is located above the typed name.
